

Héron

I am Héron, named after that tall and tranquil bird that is famous for its free spirit, decisiveness and resourcefulness. My traditional shape however, was inspired by bluegrass guitars. You see, rings like me happen to be tremendously handy for playing slide guitar. That's why Johnny Cash had a ring shaped just like me – which is pretty groovy, I'd say. I am here to remind you to be an outlaw, a bit of a rebel and a Harvey-like badass.

My go-to quote: “Respond to every call that excites your spirit.”
